

40 no-no's

Thursday, 29 November 2007

1) FIRST YOU MUST KISS

If you avoid kissing her and immediately rush to her erogenous zones, she will feel like as she is being paid for the minute and that you want to take maximum advantage of what is offered. A real and a passionate kiss is the best foreplay that a woman can think of.

2) BLOWING IN HER EAR

You heard from your older brother, friend, newspaper or radio that women really adore this. Well, there is a difference between soft and erotic blowing and blowing in a trumpet. IT can hurt.

3) PLEASE SHAVE

You often forget to shave so you have rough and sharp hair left on your face which you use to lean on her thighs, neck, erogenous zones…When she turns her head from left to right it isn't pleasure, it is TORTURE! Always shave!

4) PRESSURING HER NIPPLES

A lot of men pressure nipples as if they are checking if a melon is ripe or not. Therefore, be careful… Cuddle and fondle them and be gentle.

5) NIBBLING ON HER NIPPLES

A lot of men nibble on her nipples as if it is a rubber toy. Nipples are extremely sensitive and cannot take nibbling. Lick them and suck them gently. When slowly coming across them with your tongue, it is OK.

6) TWISTING HER NIPPLES

Quit twisting her nipples as if you want to find a radio station in a desert. Concentrate on the whole breast, not just on the nipple.

7) IGNORING OTHER PARTS OF HER BODY

A woman has only 3 major things such as the left breast, the right breast and the vagina. If you concentrate only on these three things, your darling won't be very pleased. There are a huge number of areas you haven't visited. Go through these areas and your darling will be veery thankful.

8) WATCH YOUR HAND

One of the many unpleasant things that may happen: your hand stuck in her panties. Instead of doing aimless things, ask your girl to takeoff her panties, which would make things much easier for you and that she gets even more satisfied.

9) A GIFT AFTER SEX

A condom filled to the top with your liquid is your responsibility! You wore it, you through it out.

10) AN OFFENSIVE ON THE CLITORIS

Direct pressure on the clitoris during warm up is very unpleasant. Therefore, it is better to touch the area next to and around the clitoris softly with your fingers. Keep in mind that the clitoris doesn't become moist on its own, so touching it with dry fingers is a BIG NO NO! Moisten your fingers and take action.

11) PAUSING

Unlike men, women cannot continue from where they stopped. They return to actual beginning. You must never stop if she says that she is near.

12) TAKING HER CLOTHES OFF

Women don't like looking silly, but she will look silly if her waist is naked with her shirt over her head. Therefore you must “unpack” her properly. But if you are already stripping her off, be careful that she isn't wearing something expensive so that you don't receive a receipt the next day.

13) RUBBING OVER HER PANTIES

Gentle rubbing over her panties is permitted and can be very exciting. But pulling her panties up and down is totally unacceptable.

14) ADDICTION TOWARDS HER VAGINA

Although most men can locate the clitoris without any trouble, they still believe that everything is inside the vagina. This is okay, but you must be careful or it will be painful! It is better to concentrate on the clitoris and the outer part of the vagina at the beginning, then put your moist finger inside and see if she is enjoying it.

15) A ROUGH MASSAGE

Try to offer her a sensual and relaxing massage to put her into a good mood. Hands and fingers are OK, but elbows and knees aren't. Men often think too much about the result (sex) and won't make a lot effort in the actual massage. This will make her angry and there won't be anything.

16) TAKING HER CLOTHES OFF EARLY

Don't rush on taking her clothes off until she starts first. Even if she loosens a few buttons.

17) TAKE YOUR TROUSERS OFF FIRST

A man wearing socks and underwear doesn't look sexy. First get rid of the socks. Make sure that you don't have stinky feet.

18) TOO QUICK

If you are already inside her, don't start pumping her like you are doing pushups and competing with your friends. It isn't pleasant and it is better to begin with an equal rhythm.

19) TOO ROUGH

Make sure that you aren't slamming her during sex with your hips. She would be in pain during the next few days.

20) PREMATURE

It is a man's worst nightmare and there is a good reason for it. If you "shoot" before the white parts of her eyes are shown, think of a plan so that she also gets pleased.

21) A MARATHON

You think that pumping her constantly for a longer period of time is the feature of a sex god. Well you are wrong. Her vagina will become numb, so you better turn on the TV for her until you finish your marathon.

22) ARE YOU DONE?

You should have already known. A majority of women moan "weirdly" or they have some other signs for an orgasm. If you really don't know, try not to ask her.

23) A TOO GENTLE ORAL SESSION

Don't behave as her vagina is shit and don't lick it as if it stinks. It would look as you are disgusted and the woman won't feel relaxed. Put your entire mouth down and concentrate on gentle kissing and licking of the clitoris.

24) PULLING HER HEAD

Men have a strong desire to get blown and they often pull the woman's head "in a pleasant manor" so that he experiences it. If you really want to get it, talk with her and drive her to do it.

25) A WARNING BEFORE EJACULATING

Sperm has the taste of salty albumen. A majority of girls don't like it. So if you don't want to try your luck and that the girl doesn't vomit all over you, please warn her first.

26) MOVING DURING A FELLATIO

Don't stick your penis inside her throat because it can be very unpleasant, and there is a risk that she vomits all over you. Just relax and don't grab her head.

27) PORN FILMS AND ADVICES

Don't think that porn films are reality. Don't get in to a situation to ejaculate all over the girl thinking that she likes it. Also, a majority of girls don't even moan during an orgasm, unlike the screaming whores in porn films.

28) I'LL JUST LET HER RIDE ME

You can kindly ask her to be above, but it isn't alright if she does all the work while you are laying and enjoying. Fondle her gently so that she doesn't feel as she is doing all the work. You should also let her rest for a little bit.

29) WHAT IS THIS HOLE FOR? OOPS!

You must never allow yourself to miss the hole. It cannot be excused even if you are drunk. If you really want to do so, talk with her about it.

30) TAKING PICTURES

If a guy asks "Can I take pictures?", she hears "so I can show them to my friends." At least let her keep the pictures.

31) CREATIVITY

Creativity in bed is from drawing on her back with your finger to spreading and licking "Nutella" from her thighs. You can do anything. You can use fruit, vegetables, ice, feathers, liquid and food. Use meat and similar things only if she desires to. But not a lot of them like hot wax dripping on their body. Be careful with that!

32) SLAMMING YOUR PACKAGE ON HER STOMACH

There isn't a less erotic sound than slamming on her stomach. It is as sexy as burping.

33) STUPID POSITIONS

If she desires a little more odd positions, it is okay. But if she isn't a gymnast, don't be too ambitious. Be careful towards her and yourself so that you don't need to call an ambulance during an unpleasant moment.

34) A WOMAN'S PROSTATE

Read carefully: a woman DOES NOT POSSES a prostate, only a man does.

35) LOVE MARKS

Gently sucking on all areas of her neck is very erotic, if done carefully. No girl would like to wear a turtle neck shirt for the following few days because of these marks.

36) GIVING ORDERS

Don't encourage your girl as if she is in the army. She will feel unpleasant.

37) TALKING RUDE

Don't think that girls like hearing dirty talk. If she is into dirty talk, she will let you know.

38) INDIFFERENCE TOWARDS HER ORGASM

You must complete everything to the end. Try to finish everything and she will do the same for you.

39) TRY NOT TO CRUSH HER

Men are significantly heavier than women so careful on how you are laying on her. Use your elbows for support.

40) GRATITUDE

Never, I mean NEVER say thank you to her for sex.
